Independent Auditors' Report on Review of Interim Financial Information

Board of Directors
Plaza Centers N.V.

Introduction

We have reviewed the accompanying condensed consolidated statement of financial position of Plaza Centers N.V. ("the Company") as at June 30, 2014, the condensed consolidated statements of profit or loss and comprehensive income for the six and three month period then ended, and the statement of changes in equity and cash flows for the six month period then ended, and notes to the interim financial information ("the condensed consolidated interim financial information"). Management is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with IAS 34, 'Interim Financial Reporting' as adopted by the EU. Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial information as at June 30, 2014 is not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting' as adopted by the EU.

Emphasis of matter

Without qualifying our conclusion, we draw attention to Notes 1, 3 and 6 in the condensed consolidated interim financial information which disclose important information regarding the Company's required steps to finalize its restructuring procedure.

1. Reporting entity

Plaza Centers N.V. ("the Company") was incorporated and is registered in the Netherlands. The Company's registered office is at Prins Hendrikkade 48-S, 1012 AC, Amsterdam, the Netherlands. The Company conducts its activities in the field of establishing, operating and selling of shopping and entertainment centers, as well as other mixed-use projects (retail, office, residential) in Central and Eastern Europe (starting 1996), India (from 2006), and, between 2010 and 2012, also in the USA.

The Company is dually listed on the Main Board of the London Stock Exchange ("LSE") and on the Warsaw Stock Exchange ("WSE").

The Company's immediate parent company is Elbit Ultrasound (Luxembourg) B.V. / S.à r.l. ("EUL"), which holds 62.5% of the Company's shares, as at the end of the reporting period (December 31, 2013 – 62.5%). The ultimate parent company is Elbit Imaging Limited ("EI").

As previously announced the Company has filed for reorganization proceedings (surseance van betaling) with the District Court of Amsterdam in the Netherlands (the Court") and submitted a restructuring plan to the Court in November 2013. The restructuring plan was approved on June 26, 2014 by the vast majority of the creditors, and subsequently approved by the Court on July 9, 2014, becoming an irrevocable decision on July 21, 2014. For more information on the restructuring plan, refer to note 6.

The condensed consolidated interim financial statements of the Company as at June 30, 2014 and for the six months then ended comprise the Company, its subsidiaries (together referred to as the "Group") and the Group's interests in joint ventures.

The consolidated financial statements of the Group as at and for the year ended December 31, 2013 are available on the Company's website (www.plazacenters.com) and also upon request from the Company's registered office.

During the six months period ended June 30, 2014, no changes occurred in the Company's holdings, except as described in note 10(h).

2. Basis of accounting

These condensed consolidated interim financial statements have been prepared in accordance with IAS 34 *Interim Financial Reporting*, as adopted by the EU. It does not include all of the information required for a complete set of IFRS financial statements; and should be read in conjunction with the annual Consolidated Financial Statements of the Group as at and for the year ended December 31, 2013.

However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance since the last annual consolidated financial statements as at and for the year ended December 31, 2013.

These condensed consolidated interim financial statements were authorized for issue by the Company's Board of Directors on August 27, 2014.

Plaza Centers N.V.

Notes to the condensed consolidated interim financial statements

3. Use of judgements and estimates

In preparing these condensed consolidated interim financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these condensed consolidated interim financial statements, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were principally the same as those that applied to the consolidated financial statements as at and for the year ended December 31, 2013, with the exception of valuations performed in July 2014 (refer to note 10(b)).

Going concern

As part of the reorganization proceedings filing, as mentioned in note 1 above, the Company withheld payment on the bonds and any material payment to its creditors.

For a detailed discussion about the group's liquidity position and the approved restructuring plan refer to note 6.

The condensed consolidated interim financial statements have been prepared on a going concern basis, which assumes that the Group will be able to successfully complete its proposed debt arrangement plan, following court approval. It is noted that, though the restructuring plan was approved by both the creditors and the Court, if the Group will not be able to raise EUR 20 million equity from shareholders which is a pre-condition to the debt restructuring plan completion (refer to Note 6) then this would likely have an adverse impact on the Group's ability to realise assets at their recognised values, and to extinguish liabilities in the normal course of business at the amounts stated in the consolidated financial statements and ultimately result in the Group being unable to continue as a going concern.

However, the Company's management and Board of Directors estimate the chances of raising the EUR 20 million as highly probable, based on the information it has, as describes also in note 6.

4. Significant accounting policies

The accounting policies applied by the Group in this condensed consolidated interim financial information are the same as those applied by the Group in its consolidated financial statements as at and for the year ended December 31, 2013.

Plaza Centers N.V.

5. Segment reporting

The Group comprises the following main geographical segments: CEE and India. The Group does not have reportable operating segments. In presenting information on the basis of geographical segments, segment revenue is based on the revenue resulting from either selling or operating of Trading Property and Investment Property geographically located in the relevant segment. None of the Group's tenants is accounting for more than 10% of the total revenue. Also, no revenue is derived in the Netherlands, where the Company is domiciled.

Data regarding the geographical analysis in the six months ended June 30, 2014 and 2013 is as follows:

6. Restructuring plan update

As mentioned in notes 1 and 3, the Court has approved the restructuring plan after the Company experienced a significant liquidity crisis.

Since December 31, 2013, the following main changes occurred in the restructuring plan, as approved by the Company's creditors on June 26, 2014:

- Equity upside** - The Company will allocate, post the completion of the right issuance, to the Deferred Debt holders shares representing 13.21% of the Company's shares (2.86% to series A holders, 9.22% to series B holders and 1.13% to the Polish holders), instead of options to purchase shares in the Company representing an aggregate maximum of 9.99% of the outstanding share capital of the Company.

Notes to the condensed consolidated interim financial statements

6. Restructuring plan update (cont.)

2. **Payment to the holders of the Unsecured Debt** - following the removal of the suspension of payments order, the Company shall pay to the holders of the Deferred Debt an amount of EUR 11.6 million, on account of 2014 interest payments.
3. **Postponement of creditors meeting to vote on the restructuring plan** - On March 11, 2014, the Company obtained from the Dutch court a postponement of the dates for the voting on the proposed plan, due to technicalities involved with the completion of the arrangement. The Dutch court set June 26, 2014 as the date for voting on the proposed restructuring plan, and the restructuring plan was approved on that date and became an irrevocable decision on July 21, 2014.

In addition the bondholders demanded that shareholders provide capital/monetary inflow to the Company of at least EUR 20 million as a pre-condition to the approval of the debt restructuring plan.

The Company confirmed on June 23, 2014 that EI announced that, as part of the Company's debt restructuring process which incorporates a rights offering of shares to its existing shareholders to raise an aggregate amount of at least EUR 20 million (the "Rights Offering"), its wholly owned subsidiary EUL intends to enter into a Deed of Undertaking (the "Undertaking") with the Company. The Undertaking was signed and became binding and formal on July 7, 2014.

As part of this, EUL has undertaken, among other things, to ensure that it will exercise EUL's rights to take up EUL's full pro-rata portion under the Rights Offering and to procure that it will subscribe for any unexercised portion of the Rights Offering (the "Additional Shares"), at a price per share of EUR 0.105, all subject to the provisions of the Back Stop Agreement (as defined below).

EI will guarantee the performance of EUL's obligations as detailed in the Undertaking. EI has further announced that, concurrently with the Undertaking, EUL entered into a legally binding Back Stop Agreement (the "Back Stop Agreement") with various affiliates of Davidson Kempner Capital Management LP ("DK"), pursuant to which DK will undertake to purchase, in lieu of EUL, such proportion of shares in the Company to be determined by EUL, provided that the monies payable in respect of such shares to be acquired by DK shall not be less than the higher of EUR 3 million or the amount required to acquire the Additional Shares (the "Back Stop Undertaking"), and has further provided that such Back Stop Undertaking does not result in DK being liable to acquire more than EUR 10 million of the Company shares or result in DK and its affiliates, directly or indirectly crossing the threshold of 30 per cent of the total voting rights in the Company.

Consequently, in the event the total price of the Additional Shares falls below EUR 3 million, the Company will be obligated to increase the number of shares offered pursuant to the Rights Offering such that the total price of the shares acquired by DK shall not be less than EUR 3 million.

EI also voted in favour of all resolutions relating to the Rights Offering, including resolutions to designate the Company's board of directors, generally and unconditionally, as the competent body to issue ordinary shares (including rights to acquire ordinary shares) and to restrict or exclude pre-emptive rights upon issuing ordinary shares of the Company.

The Company's website (www.plazacenters.com) includes non-audited information related to the debt restructuring.

7. Financial instruments

a. Carrying amounts and fair values

In respect to the Company's financial assets not presented at fair value, being mostly short term interest bearing liquid balances, the Company believes that the carrying amount approximates the fair value. In respect of the Company's financial liabilities:

For the Israeli debentures presented at amortized cost, a good approximation of the fair value would be the market quote from the Tel Aviv Stock Exchange of the relevant debenture, had they been measured at fair value.

(*) Refer also to note 10(e)

In respect of most of other non-listed borrowings, the Group was not asked to raise interest rates or to bring forward maturities as a result of the restructuring procedure, as most financing banks do not expect the restructuring plan to have a material effect on the security the banks hold under non-recourse loans, and therefore the Company has a basis to believe that the fair value of non-listed borrowings approximates the carrying amount.

The Company presents and measures part of its debentures according to its fair value. The Carrying amount as at June 30, 2014 of the debentures presented at fair value (including accrued interest) was as follows:

	Fair value	Adjusted par value (*)
	€ 000'

b. Fair value hierarchy

The table below analyses recurring fair value measurements for financial assets and financial liabilities. These fair value measurements are categorised into different levels in the fair value hierarchy based on the inputs to valuation techniques used. The different levels are defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: unobservable inputs for the asset or liability

<u>Liabilities</u>

Total financial liabilities carried at fair value	117,418	1,039	-	118,457

8. Income tax

The group calculates the period income tax using the tax rate that would be applicable to the expected total annual earnings.

The Group's consolidated effective tax rate in respect of continuing operations for the six months ended June 30, 2014 was 0% (six months ended June 30, 2013: 1%). The change in effective tax rate was caused mainly by the following factors:

- Change in fair value of Debentures at fair value through profit or loss.
- Impairment of trading property and Equity accounted investees.

In respect of two main impairments performed in the first half of 2014 (Casa Radio and Helios), the main changes in the assumptions included in the updated valuations comparing the December 31, 2013 were as follows:

Casa Radio:

- 1) Exit yield for the shopping center changed from 7% to 7.5%.

- 3) Average assumed rent for the office scheme reduced from 17 EUR/sqm to 16 EUR/sqm.
- 4) Construction cost of the shopping center dropped to 1,300 EUR/sqm from 1,400 EUR/sqm.

b. Write-down 2014 (cont.)

Helios:

- 1) The project scheme will have to be redesigned as the building permit will expire at the end of 2014. According to the current zoning the land cannot be used for the construction of a shopping center. The new valued project is a ground floor retail scheme with office towers on the top.

- 3) Total size of the offices: 38,661 sqm with 700 car parking.

The following four properties, which the Company intends to accelerate the selling process to a considerably shorter period, were valued internally based on management estimation of their expected net realizable values:

1. Csiki Plaza (Romania) – the net realizable value of the project was determined with reference to prevailing asking prices in the market. Discounted by 41 % to a net realizable value of EUR 2 million
2. Hunedoara Plaza Romania- the net realizable value of the project was determined with reference to asking prices in the market. Discounted by 25 % to a net realizable value of EUR 1.2 million
